CHICKEN FARMERS OF CANADA
LES PRODUCTEURS DE POULET DU CANADA

# Our Mission

ON BEHALF OF CANADIAN CHICKEN FARMERS, lead and drive the improved efficiency of chicken farmers and the Canadian chicken industry to better serve consumers, and to ensure that chicken continues to be the leading protein preference of Canadians.

# Notre mission

AU NOM DES PRODUCTEURS CANADIENS DE POULET, guider et favoriser une efficacité accrue des producteurs de poulet et de l'industrie canadienne du poulet afin de mieux servir les consommateurs et veiller à ce que le poulet demeure la protéine de choix des canadiens.

Chicken Farmers of Canada
Les Producteurs de poulet du Canada

## Who We Are

* Chicken Farmers of Canada (CFC) is a national, farmer-run organization, funded completely through farmer levies paid according to the amount of chicken marketed.
* CFC's main responsibility is to ensure that our 2,700 farmers produce the right amount of fresh, safe, high-quality chicken to meet consumer needs. The evolving risk-management system that we operate under is commonly known as "supply management".
* Through on-farm programs such as the food safety program, *Safe, Safer, Safest,* the animal care program and biosecurity initiatives, CFC works closely with government partners and industry stakeholders to keep the industry innovative and responsive.
* Canadians love to eat chicken! Last year, Canadians each consumed 31 kilograms of chicken.
* CFC: over 30 years of raising quality chicken Canadians trust!

## Qui sommes-nous?

* Les Producteurs de poulet du Canada (PPC) sont une organisation nationale entièrement financée par les prélèvements perçus auprès des producteurs selon le volume de poulet qu'ils commercialisent.
* La principale responsabilité des PPC est de veiller à ce que la production de poulet frais, sain et de grande qualité de nos 2 700 producteurs suffise à combler la demande des consommateurs. Le système qui régit notre fonctionnement est communément appelé « la gestion de l'offre ».
* Par le truchement de ses programmes à la ferme comme le programme d'assurance de la salubrité des aliments, *Votre propre poulet*, le programme de soins aux animaux et les initiatives de biosécurité, les PPC travaillent en étroite collaboration avec des partenaires du gouvernement et des intervenants de l'industrie pour faire en sorte que l'industrie demeure innovatrice et réceptive.
* Les canadiens et canadiennes adorent leur poulet! La preuve – l'année dernière, les consommateurs en ont mangé 31 kilogrammes chacun.
* Les PPC : plus que 30 ans d'élevage de poulet de qualité en lequel les Canadiens peuvent avoir confiance!

# Table of Contents

## Structure of the Canadian Chicken Industry

Economic Contribution of Canada's Chicken Industry **1**
Population of Canada and the Provinces on July 1 **2**
Number of Chicken Producers by Province **3**
Average Farm Size by Province **3**
Farm Cash Receipts (FCR) **4**
Number of Suppliers and Poultry Processing Plants by Province **5**
Estimated Chicken Consumption in Various Market Sectors **6**

## Supply and Demand

Annual Production **7**
Periodic Quota Utilization **8**
Storage Stocks on December 31 **9-10**
Interprovincial Movement **11**
Import Permits Issued Under the Tariff Rate Quota **12**
Supplementary Import Permits Issued **12**
Imports by Country of Origin **12**
Exports by Province **13**
Exports by Destination **13**
Canadian Chicken Supply and Disposition **14**
Per Capita Consumption of Various Meats in Canada **15**
Share of Meat Consumption in Canada **16**

## Prices

Average Producer Prices for Broilers **17**
Wholesale Price Series (EMI) **18**
Market Composite Price **18**
Average Retail Prices for Broilers **19**
Average Retail Prices for Selected Parts **20**
Consumer Price Index for Chicken and Other Items **21**

## International Markets

U.S. Chicken Supply and Disposition **22**
Per Capita Consumption of Various Meats in the U.S. **23**
Share of Meat Consumption in the U.S. **24**
Average U.S. Chicken Prices – Whole Bird **25**
U.S. Consumer Price Index for Chicken and Other Items **26**
The Ten Leading Chicken Producing Countries **27**
Countries with the Highest Per Capita Consumption of Chicken **27**
The Ten Leading Chicken Importing and Exporting Countries **28**
Glossary **29**

# Table des matières

## Structure de l'industrie canadienne du poulet

Contribution économique de l'industrie canadienne du poulet **1**

Population du Canada et des provinces aux 1er juillet **2**

Nombre de producteurs de poulet par province **3**

Taille moyenne des fermes par province **3**

Recettes monétaires agricoles (RMA) **4**

Nombre de fournisseurs et d'usines de transformation de volailles par province **5**

Estimation du niveau de consommation de poulet pour les divers secteurs du marché **6**

## Offre et demande

Production annuelle **7**

Utilisation périodique des contingents **8**

Stocks en entrepôt au 31 décembre **9-10**

Mouvements interprovincial **11**

Permis d'importation émis sous le contingent tarifaire **12**

Permis d'importation supplémentaire émis **12**

Permis d'importation par pays d'origine **12**

Exportations par province **13**

Exportations par destination **13**

Approvisionnement et écoulement du poulet au Canada **14**

Consommation par habitant des différentes viandes au Canada **15**

Répartition de la consommation des viandes au Canada **16**

## Prix

Moyenne des prix aux producteurs pour le poulet à griller **17**

Modèle de prix de gros (EMI) **18**

L'indice composite moyen du marché **18**

Moyenne des prix de détail pour le poulet à griller **19**

Moyenne des prix de détail pour les découpes sélectionnées **20**

L'indice des prix à la consommation pour le poulet et autres articles **21**

## Marchés internationaux

Approvisionnement et écoulement du poulet aux É.-U. **22**

Consommation par habitant des différentes viandes aux É.-U. **23**

Répartition de la consommation des viandes aux É.-U. **24**

Moyenne des prix du poulet aux É.-U. – poulet entier **25**

L'indice des prix à la consommation pour le poulet et autres articles aux É.-U. **26**

Les dix plus importants pays producteurs de poulet **27**

Les pays où la consommation de poulet par habitant est la plus élevée **27**

Les dix plus importants importateurs et exportateurs de poulet **28**

# Glossary

**ALLOCATION:** The allocation by CFC to a province for a period fixing the quantity of chicken that may be marketed by producers of that province in interprovincial and export trade.

**CONSUMER PRICE INDEX (CPI):** An index of consumer-related purchase prices.

**CONSUMPTION:** Total domestic consumption in a given time period, includes domestic production, imports of chicken products and any chicken products that are moved into the market from frozen stocks and excludes any exports and chicken products that move into frozen inventories. Per capita consumption also includes an estimate for on-farm consumption.

**ENDING STOCKS:** Level of frozen inventories at the end of the month or year.

**FARM CASH RECEIPTS (FCR):** The cash income received from the sale of agricultural commodities as well as direct program payments made to support the agricultural sector.

**FURTHER PROCESSING:** The production of value-added or specialized chicken products such as skinned and deboned breasts, nuggets, TV dinners and pot pies.

**OPENING STOCKS:** Level of frozen inventories at the beginning of the month or year.

**PERIOD:** Periods were established by CFC for production quota allocation.

| 2014 Quota Periods | | | |
|---|---|---|---|
| A-121 | DECEMBER 1, 2013 | – | JANUARY 25, 2014 |
| A-122 | JANUARY 26, 2014 | – | MARCH 22, 2014 |
| A-123 | MARCH 23, 2014 | – | MAY 17, 2014 |
| A-124 | MAY 18, 2014 | – | JULY 12, 2014 |
| A-125 | JULY 13, 2014 | – | SEPTEMBER 6, 2014 |
| A-126 | SEPTEMBER 7, 2014 | – | NOVEMBER 1, 2014 |
| A-127 | NOVEMBER 2, 2014 | – | DECEMBER 27, 2014 |

**PROCESSOR PRICE:** Price paid to processors by their buyers for chicken (per kg, eviscerated weight).

**PRODUCER PRICE:** Price paid to producers by processors for chicken (per kg, live weight).

**RETAIL PRICE:** Price paid by consumers for chicken, including specials (per kg, eviscerated weight).

**SUPPLEMENTARY IMPORTS:** Imports requiring a special import permit to accommodate temporary market shortages, granted by Foreign Affairs and International Trade.

**TARIFF RATE QUOTA (TRQ):** Annual volume of imports of chicken and chicken products allowed into Canada at in-quota tariff rates. The TRQ, which is equal to 7.5% of the previous year's production, is administered through permits issued by International Trade Canada.

# Glossaire

ALLOCATION : L'allocation faite à une province par les PPC pour une période déterminée, de la quantité de poulets que peuvent commercialiser les producteurs de cette province dans le commerce interprovincial et d'exportation.

CONSOMMATION : Le total de la consommation nationale de poulet au cours d'une période donnée, comprend la production nationale, les importations de produits du poulet et les inventaires de poulet congelé réintroduits sur le marché. Les exportations de poulets et les produits qui s'ajoutent aux inventaires congelés n'en font pas partie. La consommation par habitant inclue un nombre approximatif de la consommation à la ferme.

CONTINGENT TARIFAIRE (C.T.) : Volume annuel d'importations autorisées au Canada frappé de faibles taux de droit à l'intérieur de l'engagement d'accès. Le contingent tarifaire, qui correspond à 7,5 % de la production de l'année précédente, est géré par le biais de permis émis par le Commerce international Canada.

IMPORTATIONS SUPPLÉMENTAIRES : Importations nécessitant un permis spécial émis par le ministère des Affaires étrangères et du Commerce international pour combler une pénurie temporaire sur le marché.

INDICE DES PRIX À LA CONSOMMATION (IPC): Un indice des prix d'achat reliés à la consommation.

PÉRIODE : Les périodes furent établies par les PPC pour l'allocation des contingents de production.

| 2014 Périodes de quotas | | | |
|---|---|---|---|
| A-121 | 1 décembre 2013 | – | 25 janvier 2014 |
| A-122 | 26 janvier 2014 | – | 22 mars 2014 |
| A-123 | 23 mars 2014 | – | 17 mai 2014 |
| A-124 | 18 mai 2014 | – | 12 juillet 2014 |
| A-125 | 13 juillet 2014 | – | 6 septembre 2014 |
| A-126 | 7 septembre 2014 | – | 1 novembre 2014 |
| A-127 | 2 novembre 2014 | – | 27 décembre 2014 |

PRIX AU PRODUCTEUR : Le prix versé aux producteurs par les transformateurs par kilogramme de poulet (sur la base du poids vivant).

PRIX AU TRANSFORMATEUR : Le prix versé aux transformateurs par leurs acheteurs pour les produits de poulet (sur la base du poids éviscéré).

PRIX DE DÉTAIL : Le prix que payent les consommateurs pour les produits de poulet, incluant les articles en réclame (sur la base du poids éviscéré).

RECETTES MONÉTAIRES AGRICOLES (RMA) : Le revenu monétaire découlant de la vente de produits agricoles et les programmes de paiements directs à titre de soutien au secteur agricole.

STOCKS DE CLÔTURE : Niveau des inventaires de poulet congelé, à la fin d'un mois ou d'une année.

STOCKS D'OUVERTURE : Niveau des inventaires de produit congelé, au début d'un mois ou d'une année.

SURTRANSFORMATION : La production de produits de poulet spécialisés ou à valeur ajoutée comme les poitrines sans peau et désossées, les croquettes, les repas T.V. congelés, et les petits pâtés.
